

**THE NORTHWEST
SEAPORT ALLIANCE**

Gateway to Solutions

nwseaportalliance.com

August 5, 2019

Dear Neighbor,

The Port of Seattle and The Northwest Seaport Alliance have begun construction work to modernize Terminal 5 in West Seattle by early 2024. In-water work, including in-water pile driving, is limited to the period between August 15 and February 15 in order to minimize effects on migratory fish. Upland pile driving can and will occur outside the time frame for in-water pile driving.

The Terminal 5 permit conditions restrict pile driving to the following times:

- 8 a.m. to 5 p.m. weekdays;
- 9 a.m. to 5 p.m. Saturdays;
- 9 a.m. to 5 p.m. on Sundays and legal holidays for vibratory pile driving only;
- No impact pile driving is allowed on Sundays or federal holidays (except for two Sundays within each August 15 to February 15 period, restricted to 9 a.m. to 5 p.m.).

The West Seattle Blog and *Westside Seattle* will receive updates on pile driving to share with their readers.

Please feel free to contact the Port of Seattle with questions or comments:

- Terminal 5 **community phone line**: 206-787-6886
- **Email**: Terminal5_Outreach@portseattle.org
- For more information on the Terminal 5 project visit the **project website** at: <https://t5construction.participate.online/>

Sincerely,

Anne Porter
Director, Seaport Project Management
Port of Seattle
